

## Responding to requests

All requests for information must be responded to within 20 working days. A fee can be charged when dealing with a request. This will be calculated in accordance with the Act. If a fee is required for information requested, the 20 day timescale can be extended to up to three months.

The Secretary of State has set limits to charges, should the request for information exceed these charges, this practice does not have to action the request. There maybe a charge for information not covered by the Act or for large amounts of information that might not otherwise be disclosed due to the cost.

The practice is not obliged to comply with vexatious requests or repeated or substantially similar requests from the same person other than at reasonable intervals.

## Exemptions

There is a range of exemptions covering personal data, security, formulation of government policy commercial and individual confidentiality. A further absolute exemption is where information is accessible by other means or if the information has been provided in confidence. Other exemptions include information relating to commercial interests and audit functions.
